HAVE HUNDREDS OF NEW FEATURES:

The Barnum and Bailey Greatest Show on Earth, which comes to Madisonville on Saturday, Oct. 9, of All Nations," meaning one that is filled with all new features shown now for the first time and presented by 480 world-famed artists who represent every nation in the world. The entire world has been scoured arenic stars that are really worth seeing take part.

The time-honored custom has always been to refer to each successive year's circus as "bigger and hetter than ever," but the phrase has beme so hackneyed that, this year Barnum and Briley besitate to use it, despite the fact that it adequately describes the entertsinment. More railroad cars are required to transport the show, bigger tents are raised, more area is needed to accommodate the show than ever before. In fact, the circus has reached a point where it is the despair of many of the smaller railroads and taxes their facilities to the limit, for eighty-five cars are 'needed to convey the gigantic canvas city from town to town.

There's material enough in this year's circus to make a dozen circases of the old days A "big top" 680 feet long, nearly 1,500 employees, three rings, four elevated platforms, acres of aerial apparatus, the biggest stage ever erected for a dramatic presentation, a 110 cage menazerie, 750 horses, forty elephants,

a street parade three miles long. Among the novelties offered this season are the "Six Riding Hannafords," "The Paldrens," balancing, pyramiding and head jumping on the tops of burning lamps. "Pallenberg's Wonder Bears," "Adgie" and her den of nine performing African lions, Barnum and Bailey statue horses, Madam Bradna's Angel Horses. Three great herds of war elephants, trained and shown by the first and only lady elephant trainer. Besides these, are 60

riders, 60 acrobats and 60 clowns. A wonderful presude to this great circus is the presentation of the new. magnificent, spectacular pageant, "Lalla Rookh" in which more than 1,000 characters take part. Everyone should get an early start on circus day in order to be there in time for the parade which starts at 10 a. m., and which is said to be three miles long.

MULE'S KICK PROVE FATAL

Death at Home of R. Y. Pendleton.

Minnie Gray, colored, a farm hand in the employ of R. Y. Pendleton, died Thursday afternoon at 5 o'clock as the result of injuries sustained Wednesday morning, when he was kicked by a mule, says the Pembroke

Gray went to the stable to feed the mules, which he had driven in from the pasture. The mules came into the stable biting at each other, and one kicked at another, striking Gray, who was immediately behind him, in the stomach. He was knock-ed down, and said he was unable to get up for awhile, but finally got out of the stable and made his way near enough to the house to call the cook and ask her to call, a doctor.
Mrs. Pendleton telephoned Dr. Barker, while the cook assisted Gray to his cabin.

An investigation of the wound convinced his physician that Gray was seriously hurt. Peritonitis resulted from the wound and this caused his death after much suffering.
